BINUS

An architectural rendering of a modern building with a large, white, perforated facade. The word "BINUS" is prominently displayed in large, white, sans-serif letters across the middle of the building. In the foreground, there is a paved area with several people walking and a red car parked. The background shows lush green trees and a clear sky. The overall scene is bright and modern.

Welcoming the First Generation of BINUSIAN in Surabaya

Dear BINUSIANS,

It is with immense joy, gratitude, and pride that I share a significant milestone with you. Our beautiful new school building is now complete, and we are ready to open our doors to welcome the very first generation of BINUSIANS in Surabaya!

This achievement reflects the dedication of our team and the shared vision of creating a space where learning, innovation, and community come together. As we prepare for the first day of school on July 21, our hearts are full of anticipation and excitement. We can't wait to greet our pioneer students and families with a series of special welcoming activities designed to celebrate this historic beginning and to make everyone feel part of something truly meaningful.

Mr. Alexandre Trespache Nenes
Principal of BINUS SCHOOL Surabaya

To all the families who have placed their trust in us by enrolling their children as part of this first cohort, we extend our deepest gratitude. Your belief in our vision and commitment to excellence has inspired us every step of the way. Thank you for being the first to walk this journey with us.

If you haven't yet had the chance to see our campus in person, I warmly invite you to schedule a tour and discover how BINUS SCHOOL Surabaya is ready to shape future-ready learners in an inspiring, modern environment.

Let's discover new horizons together!

Warm regards,
Alexandre Nenes
Principal – BINUS SCHOOL Surabaya

Helpful Tips for Parents

Prioritise Health

Make sure your child is eating well, staying active, and getting enough rest.

A healthy body supports a healthy mind.

Encourage Learning

Foster your child's curiosity and love for learning.

It's important to make education fun and engaging from an early age.

Support Emotional Growth

Teach your child how to express their feelings and deal with challenges.

Help them understand that it's okay to feel upset sometimes, and encourage them to bounce back

Build Confidence

Help your child feel good about themselves.

Praise their efforts, celebrate small wins, and encourage them to embrace who they are

News & Updates

Beyond ICT Lab: Welcome to the Innovation Hub

At BINUS SCHOOL Surabaya, we don't just keep up with the times, **we stay ahead.** We have moved beyond the outdated ICT Lab model & created an Innovation Hub, where learning is **seamless, and future-ready.**

Equipped with tools like **iPads, laptops, robots, and VR,** our students have the freedom to explore, create, and collaborate, anytime, anywhere. No wires, no limits.

Our entire campus is fully connected. All our Smart TVs are linked to the school's Wi-Fi, allowing students and teachers to instantly mirror iPads or MacBooks straight to the screens. The future is connected. The future is here at BINUS SCHOOL Surabaya.

Makerspace at BINUS SCHOOL Surabaya: Where Creativity Comes to Life

The Makerspace is more than just a room with technology, it's a **hands-on creative environment** that blends both tech and analog experiences. While many schools place all their tech tools inside the Makerspace, we make a clear distinction.

Coding, robotics, and computing happen in our Innovation Hub, while the **Makerspace is where students bring ideas to life, from building with LEGO to baking in our Baker's Corner,** turning recipes into real creations.

Where Holidays Spark Curiosity & Growth
