Principal's Message

Dear Fellow BINUSIANS,

Welcome to the start of Academic Year 2026/2027 at BINUS SCHOOL Surabaya!

It is an absolute pleasure to kick off a brand new year with our entire community. As we open this next chapter, I'm excited to keep building on what we've created together, fostering an environment where every student feels inspired to learn, discover, and thrive.

I would like to thank our returning families for the ongoing partnership and trust in us and I would like to welcome all the new members of our community and let everyone know we are thrilled to have you with us on this journey.

As we look ahead, let's lean into curiosity, celebrate our diverse perspectives, and work together to help our students grow into Purpose-Driven, Future-Ready individuals.

Looking forward to seeing what we accomplish together this year!

Mr. Alexandre Trespach Nenes

Principal

Welcome to the New Academic Year 2026/2027!

On 20 July 2026, BINUS SCHOOL Surabaya welcomed our students back for the first day of a new academic year.

A new chapter begins filled with opportunities to learn, grow, connect, and create meaningful experiences together.

Welcome back, Binusians! Let's make Academic Year 2026/2027 an inspiring journey.

Embracing S.P.I.R.I.T., Growing Together

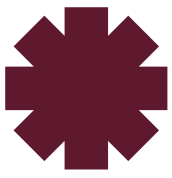

A new academic year begins with endless possibilities and there's no better way to start than together.

From moving together during our dance warm-up, meeting our House teams, and embracing our S.P.I.R.I.T.

Values, to sharing smiles and creating new connections, our first Assembly brought our community closer and set the tone for the journey ahead.

Together, we are ready to learn, grow, support one another, and make meaningful memories throughout the year.

BINUS 45 - **Co-Creating the Intelligent Society**

For 45 years, BINUS has continued to empower society and build the nation through world-class education across Indonesia.

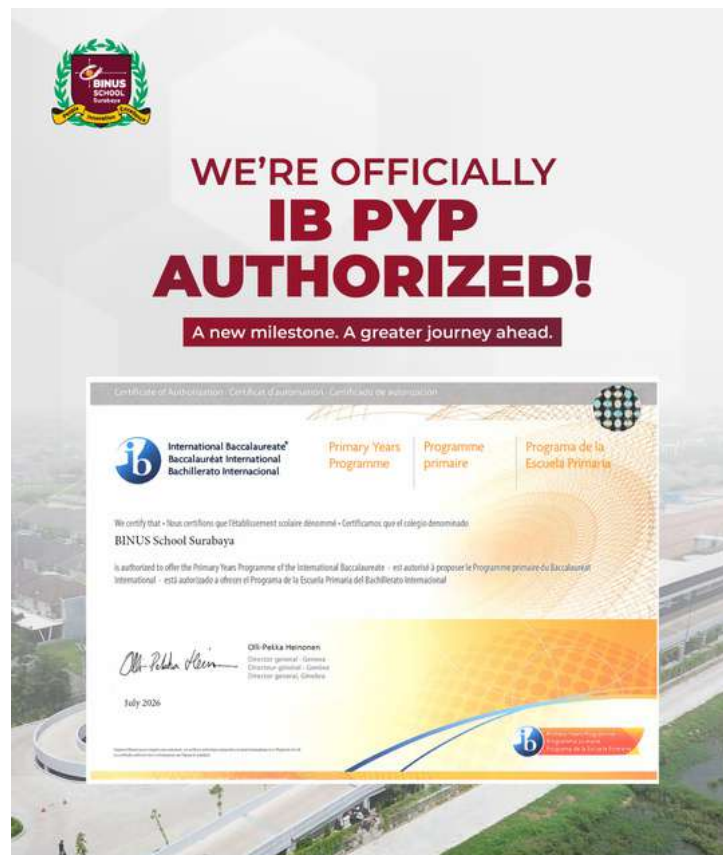

BINUS SCHOOL Surabaya celebrated this meaningful milestone with gratitude and pride. Although held online, the spirit of togetherness and solemnity was truly felt as we reflected on our journey and celebrated the opportunity to grow and contribute as part of the BINA NUSANTARA Foundation.

Here's to continuing the journey together!

BINUS SCHOOL Surabaya

IB PYP AUTHORIZED

Becoming an IB World School is about more than meeting global standards. It is about building a strong learning culture through passionate educators, visionary leadership, and continuous growth.

At BINUS SCHOOL Surabaya, our IB PYP-certified teachers are equipped to deliver inquiry-based learning that nurtures curious, independent, and lifelong learners.

Together, we nurture potential and prepare every student to become Purpose-Driven, Future-Ready.

Supporting Children's Rights Through Education

At BINUS SCHOOL Surabaya, students are encouraged to understand their rights and responsibilities as part of their everyday learning. We strive to foster a safe, respectful, and inclusive environment where every child feels valued and heard, while growing into compassionate and responsible members of the community.

Watch a special National Children's Day message from our Vice Principal as she shares BINUS SCHOOL Surabaya's commitment to creating a safe, inclusive, and supportive learning environment for every child.

Shining Through Talent and Culture

We are proud to celebrate Graciella, our Grade 7 student, who was selected to join Paguyuban Cak Ning Cilik Surabaya and earned the title of Ning Berbakat 2026.

Beyond the achievement, this experience has given Graciella valuable opportunities to build her confidence, develop her talents, learn about Surabaya's culture and heritage, and connect with other young talents.

Among hundreds of participants, her journey is a meaningful reflection of her dedication, perseverance, and willingness to grow.

Congratulations, Graciella! May this experience inspire you to continue learning, growing, and shining in all that you do.

Rising Through Teamwork and Determination

For Akhsana, our Grade 8 student, learning goes beyond the classroom.

Alongside his academic journey, he proudly earned Runner-Up – Boys' Under-13 (U13) Category | Team Nextgen U13 at Piala Mama Evi 2026, part of the CBB Invitation 2026 in Malang City hosted by PERBASI (Persatuan Bola Basket Seluruh Indonesia)

Through basketball, Akhsana continues to develop discipline, teamwork, perseverance, and time management skills that shape him into a well-rounded learner.

Congratulations, Akhsana! Keep growing and pursuing your passion!

A Heartfelt Tribute to Our Teachers

The Parents Support Group (PSG) proudly celebrated Teachers Appreciation Day to honour our teachers for their dedication, passion, and invaluable contributions to the school community.

The celebration featured student, parent, and teacher performances, the presentation of appreciation gifts, and a fellowship lunch attended by teachers, the Executive Committee (ExCom), the Parents Support Group (PSG), and parent representatives.

Thank you to everyone who made this celebration possible, and to our teachers for your unwavering commitment to inspiring and nurturing every student.

Under the Same Sky: Exploring Weather Through S.T.R.E.A.M.S.

As part of their S.T.R.E.A.M.S. learning experience, our young learners explored different types of weather and discovered how it shapes the activities we enjoy and the clothes we wear.

Through observation, questions, and hands-on exploration, they connected classroom learning with the world around them discovering that science can be found in everyday moments, even by simply looking up at the sky! What's your favourite weather?

Express Yourself Through Art!

As part of their How We Express Ourselves Unit of Inquiry and S.T.R.E.A.M.S. learning experience, our students explored how words and images can be transformed into meaningful forms of art and self-expression.

Through hands-on activities, they used their imagination, creativity, and critical thinking to discover new possibilities and create their own interpretations. They learned that art can take many forms, and that even a simple word or image can become the starting point for something meaningful.

This engaging experience encouraged our young learners to see familiar things from different perspectives, share their ideas, and express themselves in unique ways.

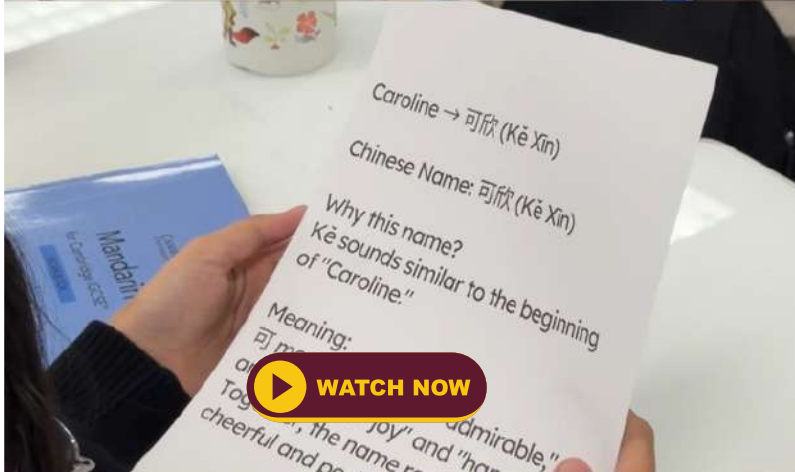

Connecting Through Language and Culture

As part of their Chinese learning experience, our Grade 7 students created their own Chinese name tags. Through this activity, they explored Chinese characters while discovering how language can help us connect with new cultures.

It was a meaningful experience that encouraged students to embrace cultural diversity, build confidence in learning a new language, and make their learning journey more personal and engaging.
